EXPERIENCE

Suncor / Petro-Canada
Senior Product Designer
November 2026 – Present

Product Designer
June 2023 – October 2026

- Lead end-to-end product design for revenue-driving features in the Petro-Canada app (**2.4M** users annually), partnering with product and engineering to shape the roadmap.
- Spotted a high volume of password resets in analytics, made the case to prioritize sign-in, and championed passkeys through launch for a faster, more secure sign-in.
- Designed the Petro-Points offer hub, a new app-exclusive feature validated through testing; **1.1M** members added **29M** offers to their accounts in 2026, up **179%** YoY.
- Designed in-app car wash purchases and a streamlined checkout: **$19K** in two weeks, nearly a third of the website's yearly sales.
- Brought SuperPass fleet cards into the app for business drivers: fuel-ups up **176%** YoY, with drivers fuelling up **2×** as often.
- Led an accessibility-focused redesign of the app and designed and launched dark mode to expand customization and improve usability across customer experiences.

Trip Ninja
Product Designer
Design lead
April 2022 – June 2023

- Led design end to end, from user research and roadmap planning with product and engineering to UI and product marketing.
- Designed QuickTrip, a booking platform for agencies without Trip Ninja's API, with self-serve sign-up and an admin dashboard.
- Led a brand refresh and developed a WCAG AAA design system, partnering with the CEO to redesign the marketing site and increase demo bookings.

Simply Benefits
UX Design Specialist
Sole designer
April 2021 – April 2022

- Led design for the member app and three web portals, with engineering and product.
- Redesigned the member app, growing downloads **163%** and updates **20%**, and rebuilt sign-up for **20%** more sign-ups.
- Redesigned advisor quoting, cutting turnaround from the industry's 4–6 weeks to about 5 days, and designed Voluntary Benefits, a new revenue stream.
- Redesigned the public site and built its front end in React: bounce rate down **8%**, session length up **12%**.
