EXPERIENCE

Suncor / Petro-Canada
Senior Product Designer
November 2026 – Present

UX Designer
June 2023 – October 2026

- Lead end-to-end design for revenue-driving features in the Petro-Canada iOS and Android app, used by **2.4M** people a year.
- Designed the Petro-Points offer hub, a net-new, app-exclusive feature: **1.1M** members added **29M** offers in 2026, up **179%** YoY.
- Expanded the hub with litre-tracking and activity offers, plus a new-offer badge on the Rewards tab that drew **9.3M** taps.
- Designed in-app car wash purchases, which sold **$19K** in their first two weeks, nearly a third of the website's yearly sales.
- Brought SuperPass fleet cards into the app, opening it to business drivers: SuperPass fuel-ups up **176%** YoY, with drivers fuelling up **2×** as often.
- Redesigned the whole app and design system to WCAG AAA.

Trip Ninja
Product Designer
Design lead
April 2022 – June 2023

- Led design end to end, from user research and roadmap planning with product and engineering to UI and product marketing.
- Designed QuickTrip, the booking platform for agencies that don't integrate Trip Ninja's API, including self-serve sign-up and an admin dashboard.
- Led the rebrand and a WCAG AAA design system, and partnered with the CEO on a marketing site that grew demo bookings.

Simply Benefits
UX Design Specialist
Sole designer
April 2021 – April 2022

- Led design for the whole product: the member app and three web portals for advisors, employers and employees.
- Redesigned the member app, growing downloads **163%** and updates **20%**, and rebuilt sign-up for **20%** more sign-ups.
- Redesigned advisor quoting, a tool that cuts turnaround from the industry's 4–6 weeks to about 5 days, and designed Voluntary Benefits, a new revenue stream.
- Redesigned the public site and built its front end in React: bounce rate down **8%**, session length up **12%**.
