EXPERIENCE

Suncor / Petro-Canada
UX Designer
June 2023 – Present

- Lead design for revenue-driving features in the Petro-Canada app, used by **2.4M** people a year.
- Designed the Petro-Points offer hub, a net-new, app-exclusive feature: **1.1M** members added **29M** offers in 2026, up **179%** YoY.
- Grew it with new offer types, like litre tracking and activity offers, and a new-offer badge on the Rewards tab that drew **9.3M** taps.
- Designed in-app car wash purchases, which sold **$19K** in their first two weeks, nearly a third of the website's yearly sales.
- Brought SuperPass fleet cards into the app, opening it to business drivers: fuel-ups up **176%** on the launch year, with drivers fuelling up **2×** as often.
- Made the design system more accessible: colour contrast, dark mode, responsive layouts and screen reader support.

Trip Ninja
Product Designer
April 2022 – June 2023

- Owned design for QuickTrip, Trip Ninja's booking platform for agencies that don't integrate its API, including self-serve sign-up and an admin dashboard.
- Redesigned the B2C web app to lift engagement and retention, and partnered with the CEO and Sales Director on a marketing site that grew demo bookings.
- Led a company rebrand and built its WCAG AAA design system.

Simply Benefits
UX Design Specialist
Sole designer
April 2021 – April 2022

- Owned design across the member app and three web portals for advisors, employers and employees.
- Redesigned the member app, growing downloads **163%** and updates **20%**, and rebuilt sign-up for **20%** more sign-ups.
- Redesigned advisor quoting, cutting quote turnaround from the industry's 4–6 weeks to about 5 days, and designed Voluntary Benefits, a new revenue stream.
- Redesigned the public site and built its front end in React: bounce rate down **8%**, session length up **12%**.
