EXPERIENCE

Suncor / Petro-Canada
UX Designer
June 2023 – Present

Lead design for revenue-driving features in the Petro-Canada app, including the Petro-Points offer hub, the most engaging feature I've shipped, and the in-app WestJet partnership experience.

Ran usability studies that drove a **34%** increase in app ratings, and made the design system more accessible: colour contrast, dark mode, responsive layouts and screen reader support.

Trip Ninja
Product Designer
April 2022 – June 2023

Led design of a B2B sign-up and dashboard, and a redesign of the B2C web app that increased engagement and retention.

Designed the public site redesign, which increased demo bookings and site traffic, and built the design system and brand to WCAG AAA.

Simply Benefits
UX Design Specialist
April 2021 – April 2022

Led the mobile app redesign, tested with 30 users: downloads up **163%** and app updates up **20%**.

Simplified sign-up for a **20%** lift in sign-ups, and designed a voluntary benefits purchase flow that scored **6/7** in usability testing.

AWARDS

Figma Make-a-thon
Winner, Reimagining Iconic Interactions
March 2026

Duet Booth: a photobooth for two people in different places. Designed and built solo in one day in Figma Make; featured on Figma's blog.
